

Zenya Bian

zenyarian@gmail.com • (248) 781-6811 • Los Angeles, CA • <https://zenyabian.github.io>

Second-year undergraduate student at the University of California, Los Angeles seeking research opportunities. Interested in pursuing a career in cell and developmental biology research. Committed to making scientific information more accessible and inclusive for the public.

EDUCATION

University of California, Los Angeles

September 2023 - June 2027

B.S. in Molecular, Cell, and Developmental Biology

- Minors in Biomedical Research and Comparative Literature
- Cumulative GPA: 3.90 / 4.00
- Dean's Honor List: Fall 2023, Spring 2024, Fall 2024

Westview High School

September 2019 - June 2023

RESEARCH EXPERIENCE

University of California, Los Angeles

September 2024 - Present

Undergraduate Researcher in the Lab of Dr. Amander Clark

- Examining mechanisms behind primordial germ cell development by differentiating them from human embryonic stem cells under an established and testable system
- Developing experiments to characterize BMP signaling in post-implantation stages of development
- Learning how to conduct flow cytometry and analyze flow cytometry data

Oregon Health and Science University

June 2024 - August 2024

Research Intern in the Lab of Drs. Catherine and James Galbraith

- Investigated methods of cell segmentation and cell tracking using machine learning and Python
- Compiled time-lapses of cell movement using micropatterned substrates
- Coded an educational interactive on cell movement and various cell lines using Unity

Undergraduate Research Consortium in Functional Genomics (URCFG)

January 2024 - March 2024

Undergraduate Researcher

- Studied the effect of systemic oncogenic expression on hematopoiesis in *Drosophila melanogaster*
- Learned physical lab techniques such as fly husbandry, fine tissue dissection, fluorescence microscopy, and image processing with ImageJ

WORK EXPERIENCE

UCLA Undergraduate Science Journal (USJ)

January 2024 - Present

Assistant Managing Editor - Layout

- UCLA USJ is a peer-reviewed publication registered with the Library of Congress, exclusively featuring research performed by UCLA undergraduates in all STEM fields
- Engaging first-hand in the scientific review process and standard formats required for publication

VOLUNTEER EXPERIENCE

Zooniverse

September 2022 - June 2024

Citizen Science Volunteer

- Contributed over 4000 data classifications to online crowdsourced research projects (Beluga Bits and Synaptic Protein Zoo)

SKILLS

Python • HTML • ImageJ • Unity • InDesign • Mandarin (fluent) • Japanese (working proficiency)
